AMATEUR SHOW AROUSES INTEREST

Under Auspices of Woman's Army and Navy League:

SOCIETY WILL TURN OUT

Well-Known New York Artists Will Be Included in the Cast.

The performances to be given at the Belasco Theater December 18 and 19, under the auspices of the Woman's Army and Navy League, are of unusual interest, not only from a social stand-point, but on account of the merit of the plays. They will be presented by an amateur company from New York, which will include in the cast Mrs. Charles de Kay, Robert B. Shepherd, Miss J. H. Chadwick and Perry Averill.

Monday night "The Falcon," a poetic drama by Tennyson, will be presented. This play will be followed by "Pygma-lion and Galatea," which is familiar to all theatergoers. "The Falcon" has been presented but twice before in this country-at the Empire Theater in New York, in 1900, and once during the past summer at an Eastern watering place by the same company which will be

It represents a touching and romantic tale of love told in the laureate's flowing verse. It deals principally with the Count Federico deal Aberich Count Federigo degli Alberighi, who has long loved the Countess Giovanna, a beautiful widow. He impoverishes himself by the gifts he sends anonymously to her palace in Florence. He has but one thing left-a much loved falcon. This he sacrifices to furnish food for a breakfast for the woman he loves. His Body of Students Also Join despair is turned to joy, when she de-clares that after such proof of his love she will no longer be bound by the will of her brother, and in spite of the feud between the two houses gives herself and all she owns to the impoverished

count.

Tuesday night the "Land of Heart's Desire" will be presented. It is a poetic fairy play by William Butler Yeats, one of the leaders in the Gaelic revival now spreading to their country from Great Britain. This drama will be given for the first time in Washington, by the special permission of Mr. Yeats.

As a prelude to "The Land of Heart's Desire," Jerome K. Jerome's pathetic little play, "Barbara," will be given.

NEWS OF GEORGETOWN

Dr. Gordon, when seen today, gave out the following:

"It is manifestly improper for me to make any statement of matters which are in the hands of a committee of the board of trustees. The only thing I wish to say is that it is known that about 100 students left the chapel yesterday. Of these forty-one were men.

Smallpox has broken out on President Roosevelt's yacht, the Sylph, now lying at its wharf at the navy yard.

Clarence Marlow, twenty-three years old, a colored sallor, has the disease.

Marlow was removed from the yacht to the United States Naval Hospital December 6, apparently suffering from a slight erruption on the face. The surgeon in charge made a careful diagnosis of the case and at once pronounced it ported by Government money, the pubof the case and at once pronounced it ported by Government money, the public is entitled to have." however, aimed to keep the news of his

THE VALUE OF CHARCOAL.

Few People Know How Useful it Is in Preserving Health and Beauty.

Nearly everybody knows that char-coal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purposes.

into the human system for the same cleansing purposes.
Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.
Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.
Charcoal effectually clears and improves the complexion, it whitens the tee-a and further acts as a natural and eminently safe cathartic.
It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and threat

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money
